David Gibson

Sweet Life Ed van der Elsken, Frits Gierstberg, 2012 Ed van der Elsken's *Sweet Life* published in 1966 is considered one of the key works of Dutch photobook history. In 1960, armed with two magazine commissions and a stipend from Netherlands television, Ed van der Elsken and his wife Gerda set off on a fourteen month journey around the world. Six years after their return, he published his travelogue *Sweet Life* which exhibited a panoply of layout effects - double-page bleeds, crops, printed in deep gravure, and different cover designs for each of the six countries in which it was published. *Books on Books #13* presents a study of this classic book with a contemporary essay by Frits Gierstberg.--Publisher.

WORLD STREET PHOTOGRAPHY #3 Gido Carper, 2016-07-04

100 Great Street Photographs David Gibson, 2018-10-23 This celebration of contemporary street photography—in all its edgy, strange, beautiful, haunting, colorful, and humorous glory—brings together the work of a new generation of talented artists. Over the past few decades, the long tradition of street photography has been wholly transformed by the proliferation of digital cameras, the Internet, and smartphones. A new generation of photographers have embraced this modern technology to capture the world around us in a way that is un-staged, of-the-moment, and real. Exploring this rich seam of emergent and exciting street photography, the 100 photographs featured in this book—the majority of which are previously unpublished and taken in the last few years—are presented on double-page spreads along with commentary about the work and its creator. Curated by David Gibson, a street photographer and expert in the genre, this stunning book offers a truly global collection of images. Gibson's insightful introduction gives an insider's overview of street photography, illuminating its historic importance and its renaissance in the digital age.

Street Photography Gordon Lewis, 2015-03-25 Since the advent of the camera, there have been photographers whose mission is to record and interpret the public sphere in all its aspects. Eugene Atget documented evidence of everyday life in the streets as well as the buildings and monuments of Paris. Henri Cartier-Bresson pursued what he called The Decisive Moment, the moment in which the meaning of an event was most clearly captured in a photograph. Their work, and that of many other masters, has inspired generations of photographers to wander public spaces, camera in hand, searching for meaningful moments in time. Success requires the street photographer to be proficient with their equipment, to be constantly aware of their surroundings, and to have a keen eye. Quick reflexes and self-confidence are essential: Street

photographers know from experience that hesitation or procrastination could mean missing a once-in-a-lifetime shot. The adage it's better to ask for forgiveness than permission was probably coined by a street photographer. In *Street Photography: The Art of Capturing the Candid Moment*, Gordon Lewis helps readers understand and conquer the challenging yet rewarding world of street photography. The book includes discussions of why photographers are drawn to street photography, the different styles of street photography, and what makes a great street photograph. Lewis then goes on to explore how the choice of location can change a photographer's approach to image capture: from city streets to fairs to beaches, Lewis discusses the impact different environments have on the process of street photography. Another crucial element to becoming a good street photographer is learning to travel light, with minimal equipment. Lewis gives readers practical advice on everything from cameras and lenses to camera bags and clothing. Lewis also delves into the techniques and approaches that will help novices master the art of street photography. Whether your style is to engage your subjects or to remain unnoticed and take candid portraits, Lewis offers ideas on how to capture fascinating moments in time: a gesture, expression, or composition that may exist for only a fraction of a second, but can leave a lasting impression of the wonders, challenges, and absurdities of modern life.

10 Street Photography ,2023

Vivian Maier Geoff Dyer,2012-10-30 Please note that all blank pages in the book were chosen as part of the design by the publisher. A good street photographer must be possessed of many talents: an eye for detail, light, and composition; impeccable timing; a populist or humanitarian outlook; and a tireless ability to constantly shoot, shoot, shoot, shoot and never miss a moment. It is hard enough to find these qualities in trained photographers with the benefit of schooling and mentors and a community of fellow artists and aficionados supporting and rewarding their efforts. It is incredibly rare to find it in someone with no formal training and no network of peers. Yet Vivian Maier is all of these things, a professional nanny, who from the 1950s until the 1990s took over 100,000 photographs worldwide-from France to New York City to Chicago and dozens of other countries-and yet showed the results to no one. The photos are amazing both for the breadth of the work and for the high quality of the humorous, moving, beautiful, and raw images of all facets of city life in America's post-war golden age. It wasn't until local historian John Maloof purchased a box of Maier's negatives from a Chicago auction house and began collecting and championing her marvelous work just a few years ago that any of it saw the light of day. Presented here for the first time in print, *Vivian Maier: Street Photographer* collects the best of her incredible, unseen body of work.

The World Atlas of Street Photography Jackie Higgins,2014-01-01 Collects street photographs from noted photographers of cities around the world, from New York and Sao Paolo to Paris and Sydney.

Street Photography: Life in London Jim Williams,2018-01-21 Street photographs are mirror images of society, the subjects are usually unaware that they are being photographed, creating a spontaneous response to life as it happens in front

of your eyes. Street photography is unplanned. You really never know what you're going to get on any given day. A street photo should tell a story, or causes you wonder what is happening at the moment. London is a street photographer's dream. Public markets offer a treasure trove of photos, so you will see images from Borough, Camden and Portabella markets. The city is always crowded and is an excellent source of candid photos. This book is a collection of black and white images of people caught in the act of going about their daily lives.

Pressing Pause at Life Alessandro Vecchi, 2021-07-26 Pressing Pause at Life is a journey in the streets searching for moments of life to freeze. Frames that have the power, and story, of an entire movie. A collection of photographs through the lens of a camera that wanders without judging. Shots taken around the world where the difference between subjects, colors, and environment, create unique, and unrepeatable concepts. Street photography is a deep journey amid people to, who knows, perhaps, find oneself.

Street Photography Anna Indalecio, 2015-06-01

Bystander Colin Westerbeck, Joel Meyerowitz, 2017-11-07 In this book, the authors explore and discuss the development of one of the most interesting and dynamic of photographic genres. Hailed as a landmark work when it was first published in 1994, Bystander is widely regarded by street photographers as the bible of street photography. It covers an incredible array of talent, from the unknowns of the late 19th century to the acknowledged masters of the 20th, such as Atget, Stieglitz, Strand, Cartier-Bresson, Brassai, Kertesz, Frank, Arbus, Winogrand, and Levitt to name just a few. In this new and fully revised edition, the story of street photography is brought up to date with a re-evaluation of some historical material, the inclusion of more contemporary photographers, and a discussion of the ongoing rise of digital photography.

Street Photography 2015 Acuity Press, 2016-06-30 A collection of 20 of the best street photographers for the year 2015

Street Photography Eduard Frances, 2014-05-03

Street Photography Gordon Lewis, 2015 Since the advent of the camera, there have been photographers whose mission is to record and interpret the public sphere in all its aspects. Eugene Atget documented evidence of everyday life in the streets as well as the buildings and monuments of Paris. Henri Cartier-Bresson pursued what he called The Decisive Moment, the moment in which the meaning of an event was most clearly captured in a photograph. Their work, and that of many other masters, has inspired generations of photographers to wander public spaces, camera in hand, searching for meaningful moments in time. Success requires the street photographer to be proficient with their equipment, to be constantly aware of their surroundings, and to have a keen eye. Quick reflexes and self-confidence are essential: Street photographers know from experience that hesitation or procrastination could mean missing a once-in-a-lifetime shot. The adage it's better to ask for forgiveness than permission was probably coined by a street photographer. In *Street Photography: The Art of Capturing the Candid Moment*, Gordon Lewis helps readers understand and conquer the challenging yet rewarding world of street

photography. The book includes discussions of why photographers are drawn to street photography, the different styles of street photography, and what makes a great street photograph. Lewis then goes on to explore how the choice of location can change a photographer's approach to image capture: from city streets to fairs to beaches, Lewis discusses the impact different environments have on the process of street photography. Another crucial element to becoming a good street photographer is learning to travel light, with minimal equipment. Whether your style is to engage your subjects or to remain unnoticed and take candid portraits, Lewis offers ideas on how to capture fascinating moments in time: a gesture, expression, or composition that may exist for only a fraction of a second, but can leave a lasting impression of the wonders, challenges, and absurdities of modern life.

Street Photography David Gibson, 2021-05-04 This visually arresting book journeys across the world to present the most candid, immediate, and provocative images captured by the biggest names in street photography from its inception to today. Now available in paperback, this extensive collection of the world's best street photography captures daily life in every corner of the globe. From pre-war gelatin silver prints to 21st-century digital images, from documentary to abstract, from New York's Central Park to a mountain city in Mongolia, these photographs reveal the many ways street photography moves, informs, and excites us. The book includes work by the likes of Margaret Bourke-White, Henri Cartier-Bresson, Joel Meyerowitz, Gordon Parks, André Kertész, Garry Winogrand, Roger Mayne, and other masters of street photography who pushed the genre's boundaries and continue to innovate today. Each exquisitely reproduced photograph is accompanied by an informative text which reveals the story behind the image. David Gibson's insightful introduction traces the history of street photography, reflects on its broad appeal, and looks toward the future of the genre.

Miami Street Photographer Emir Shabashvili, 2019-03

On City Streets John Lewell, 2020-01-05 *On City Streets* is a selection of street photography from various cities, including Hong Kong, Singapore, and Bangkok. It belongs to an initial set of four photo-books, the others being *On Home Streets*, *On London Streets*, and *On Bangkok Streets*. Elsewhere, the author has written extensively about street photography, for example in *Street Photography Is Cool*, but here he shows the images without words. As in the others in the series, even the titles have been confined to the back of the book.

Los Angeles Street Photography Julia Dean, 2023-12-20

Street Life in London Adolphe Smith, John Thomson, 2014-11-01 *Street Life in London* (1877-78), by journalist Adolphe Smith and photographer John Thomson, aimed to reveal by the innovative use of photography and essays the conditions of a life of poverty in London. Now regarded as a pioneering photo-text and a foundational work of socially conscious photography

- one of the most significant and far-reaching photobooks in the medium's history (The Photobook: A History) - Street Life in London failed to achieve commercial success in its own time. In this groundbreaking book, we see the start, but not the conclusion, of a conversation between text and image in the service of education, reportage and social justice. This newly designed and typeset edition contains the full text and makes available to a contemporary audience Thomson's powerful images in their original size and rich colour.

Perfect Strangers: New York City Street Photographs (Signed Edition) ,2020-10-27 Over the last seven years, Melissa O'Shaughnessy has photographed daily on the streets of New York. As one of a growing number of women street photographers contributing to this dynamic genre, O'Shaughnessy enters the territory with clarity and a distinctly humanist eye, offering a refreshing addition to the tradition of street photography. Through her curious and quirky vision, we witness the play of human activity on the glittering sidewalks of the city. Woven into her cast of characters are the lonely, the soulful, and the proud. She has fallen for them all--perfect strangers.

Unveiling the Magic of Words: A Overview of "**Examples Of Street Photography 17.jpg**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
